

Custom Hardwood Furniture

McKinney, TX | 2016

KS WoodCraft was founded in 2015 in McKinney, TX. Our mission is to build our custom, quality hardwood furniture with integrity. With a customer base ranging from residential to commercial and into the hospitality and restaurant industry, we offer a large variety of choices.

While we build most of our furniture with an array of domestic hardwoods, we are also driven to source reclaimed woods that come with a history, and exotic hardwoods from around the world.

By browsing our site, you'll learn that we do cater to all budgets and encourage our customers to pair different species of hardwoods with a variety of base options. We strive to confer with all of our customers before they purchase to ensure confidence that they have made the right choice.

We encourage you to visit our website – www.kswoodcraft.com. If you have any questions at all, please reach out to us via email at info@kswoodcraft.com or by phone 469.734.0144.

A close-up photograph of the corner of a dark-stained wooden table. The wood grain is prominent, showing natural knots and textures. The table is set outdoors, with a blurred background of green foliage. Overlaid on the image is a white logo consisting of the letters 'KS' in a bold, sans-serif font. The letter 'K' has a stylized evergreen tree shape integrated into its vertical stem. Below the 'KS' is a horizontal line with a circular saw blade icon in the center. Below the line is the word 'WOODCRAFT' in a bold, all-caps, sans-serif font.

A close-up photograph of a welder in a green jacket and protective mask working on a metal piece. The welder is wearing a blue and white protective mask with a star pattern. A red circular overlay is positioned in the center of the image, containing the text "Metal Fabrication" in white. The background is dark, and there are sparks flying from the welding process.

Metal Fabrication

We offer custom metal fabrication. All metal bases are 100% handmade and customized for each specific project. We also offer a variety of metals to choose from. Our powder coating service allows us to include an abundance of color options and outdoor treatments.
